

# *Sussex Lane*

The time honored traditions of the Eighteenth Century Have been elegantly and authentically captured with the explicit renaissance style of *Sussex Lane*.

Its Swirl Mahogany veneers and lightly distressed Mahogany finish is enhanced by the contrasting marquetry inlays, cherry wood trims and intricate hand carved moldings, adding a luxurious and relaxed ambiance to any dining room setting.

Imagine yourself dining in the ambiance of a romantic era

*Quality*

*Durability*

*Longevity*

Leda Furniture Ltd prides itself in manufacturing high quality furniture. All materials used to craft our fine furniture are carefully selected to ensure that each Leda piece will last for generations.

Along with quality materials, Leda also incorporates crafting methods and construction features that enhance our furniture design. This attention to detail adds quality and durability to the furniture, as well as convenience and adaptability for the consumer's needs.

Below are some key features that ensures that your Leda Furniture is one step beyond...

#### **Dovetail Joinery**

Dovetail joinery used to join the sides of the drawer to its front and back. Wedge-shaped projections on the front and back panels interlock with alternating grooves in the side panels to produce a tight and secure joint that remains solid.

#### **Dust Proofing**

Wood separators installed between each drawer aperture. It prevents dust from entering through open spaces, protecting belongings stored within. Being nailed to the structure of the furniture, these components add to its sturdiness.

#### **Drawer Runners**

Drawer runners are wood strips installed in the center of each drawer. It directs the drawer slide evenly and smoothly while avoiding possible contacts and damages to the wood surfaces. These strips also add to the sturdiness of the furniture acting as an additional frame component

#### **Drawer Guides**

Wooden glide installed underneath each drawer. Designed to slide on top of the drawer runner. It provides quiet and smooth drawer operation. Being affixed to the front and back of the drawer it also reduces the pressure being supported by these pieces in the open/close process.

#### **Adjustable Shelves**

Most cabinets, buffet, hutches and armoires, feature adjustable shelves allowing flexible storage space and reorganization without any structural changes.

#### **Integrated Power Supply**

Computer compatible cabinets and tv armoires have built-in surge protection power outlets and cable connector, creating wire management and power activation when multiple electronic components are connected.

#### **Accessory Trays**

Most dressers, buffets and sideboards include a convenient and stylish tray to store and protect jewelry, valuables, silverware etc.

#### **Solid Metal Hardware**

Leda Furniture casegoods feature decorative solid metal hardware, aesthetically pleasing to touch and feel, with lasting durability.

Leda Furniture maintains strict finishing requirements. Talented craftsmen take extreme pride in the art of finishing, including staining, padding, rubbing and highlighting - all by hand. We are very careful to formulate and apply each finish to exacting standards. However color variations will occur because natural woods vary in their reaction to finishing materials due to age, grain pattern and raw wood tone. The finish shown is reproduced as accurately as printing techniques permit.

### Caring for *Sussex Lane*

#### **Wood Finish:**

Leda finishes are resistant to most everyday hazards, however some precautions are necessary to maintain the beauty of your furniture.

- regular dusting with a soft clean cloth, slightly moistened with water. Dry completely with a separate dry cloth, always rubbing with the grain pattern.
- avoid contact with harsh solvents, ie. hot dishes, nail polish, alcohol and moisture.
- clean spills immediately.
- use pads when displaying accessories and heated items on table and cabinet
- do not place furniture tops near heating outlets, windows or direct sunlight.

#### **Decorative Hardware:**

- clean with a soft damp cloth.
- avoid using harsh detergents or polish on the hardware

These will help your Leda Furniture maintain its beauty and elegance for years to come.

### **Statement of Quality**

Leda has manufactured furniture since the late 1960's, utilizing state of the art technology, skills and craftsmanship. Each piece is made to exacting standards and of the highest quality materials available. All pieces are inspected at numerous intervals during the manufacturing process, including a final inspection prior to packaging.

Despite our best efforts some imperfections may occur once the furniture has had time to settle after the manufacturing process. These situations may require repairs and/or part replacements

Leda Furniture selects glass and mirrors of the highest quality to complement our furniture. However the very best glass and mirrors may have certain characteristics that are inherent in the glass making process, these include faint scratches, air bubbles and pitted areas. These minor allowable marks do not detract from the beauty and integrity of the product.

Leda Furniture Ltd stands behind its product in regard to manufacturing related issues (materials, workmanship) for a period of one year from date of shipment from our factory.
